Our brains get too much info.  
Too many ads and ... just stuff.  
Everyone's got their own way through all  
twists and turns in life.  
Sometimes you just gotta play your cards—  
To be good or bad.  
Need a break from the crazy world?  
Now it is our turn to play.  
But we wonder how this game is played?  
Be responsible at any time.  
Pragmatist: Walk the walk.  
Follow your heart.  
Keep curious about the world.

*Romwe.com / About Us*

Colorful leaves  
flushed with a spring orange  
blossoming, admired.

Plus,  
perched birds twice-as-nice  
bedecked in sleek black, all  
gathering at the gateway—  
roaring with delight.

The affair is extravagant,  
a lace-paneled illusion,

Your roommate's cousin who you only met once spent your entire paycheck. "It's easy to get carried away," he says,

We were saying hello but I was very disappointed with everything. In less than 5 minutes I realized just how terrible it was.

Since I was a child, there had been no such thing as too many. "Some people just don't get it." It's a full-blown addiction. And a bit of a miracle.
